WAR

is

YOUR BUSINESS!

AN ANTI-WAR demonstration will be held in the McCullough gymnasium on Friday, April 12, 1935. This meeting, which is backed by the Undergraduate Association and by the Discussion Group of the Women's college, is to be held for the purpose of stimulating students of Middlebury to a greater realization of the menace of war. A program designed to crystallize student opinion on the problem of war will be presented at the meeting.

The recent increases in armaments, the growth of war-making fascism, the futility of international statesmanship, and the world economic breakdown have all contributed toward bringing the situation to a point that is rapidly approaching a climax. It is at this point that we who have embraced the ideal of peace must assert ourselves and move toward an organized opposition to war. War is NOT a necessity. It is clearly up to youth to acquire a full knowledge of the causes of war, and to do all within its power to fight these causes and to insure a united stand for peace.

It is the duty of every student to attend this conference.
